

NuBowl Newsletter

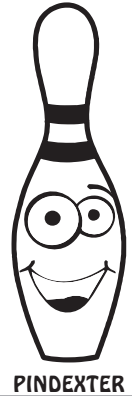

February 2015

On behalf of everyone here at Nu Bowl Lanes welcome to our first monthly newsletter. Each month we plan on providing our customers a newsletter that will let you know what is going on at Nu Bowl Lanes the next month. Too many times we hear from our customers when they miss an event. They say to us "I wish I knew you were doing that. I would have entered or joined in." Customer service is paramount to all of us here so please don't be shy. Let us know how we are doing. If you wish to add something to our monthly newsletter please contact Amy, our Manager, and she will be happy to add it to an upcoming news letter. Again thank you being here and we look forward serving you at both Nu Bowl Lanes, and The Back Office Grill.

SAYING OF THE MONTH
"Who bravely dares to succeed must sometimes risk a fall"
- Unknown -

IT'S JUST FUN
Kathy Saffo, Owner

MECHANIC FUN FACT

by Keith Hall
Head Lane Technician
Bowl Haven Lanes

The 82-70 Automatic Pinspotter was introduced by AMF back in 1962. This revolutionary machine was installed here at Nu Bowl Lanes in 1970, replacing the original AMF Pinspotter the 82/30. Over the years there have been numerous upgrades made to our Pinspotters including micro processor chassis, positive ball lifts, not to mention Automatic Scoring. Forty Seven years after they were first installed our 82/70's are running strong helping a new generation of bowlers discover that bowling is "JUST FUN" at Nu Bowl Lanes.

THE BACK OFFICE BAR AND GRILL

MONTHLY DRINK RECIPE

by Billi Jo Stethem
Food and Beverage Manager

- 1 ¼ oz of Belvedere Vodka
 - ¼ oz of Triple Sec
 - ¾ oz of Lemon Juice
- Shake with ice,

Strain and pour into a stem martini glass
Add or not add sugar on the rim.
(Customer's prerogative)

Garnish with lemon

ENJOY

Be sure to visit us at
The Back Office Bar and Grill.

TIP FOR THE PRO SHOP

by Bill Netzhammer
Professional Ball Driller and
Manager of Bowl Haven Lanes

It's mid-season for leagues and your bowling ball probably could use a tune-up. Mid-season is a great time to make sure that the grips in your balls are in good shape and not cracked or split. It's also the best time to have your ball reconditioned by a professional. Just as an oil change helps the performance of your car run at its highest level, having your ball reconditioned will do the same for you. We have the proper equipment here at Hammer's Pro Shop and we're ready to help you out.

As always,
Good luck and good bowling!!
